

- Studio is located all over the house - office with computer, basement room with sewing machine, living room with 20 feet of art and lettering books and studio, next door to office, with work table, slanted desk & comfy chair.
- Comfy chair very important for contemplating trees outside, works in progress for ideas, layout of studio for improvements in efficiency. She can spend an hour or two there "working" on ideas. (1)
- Husband Doug built shelving, work table, pen holders and more. (2)
- Painted runners and knees on the worktable shelves invite placement of the artist's runners and knees while working and serve as a reminder not to fill that space with other stuff. (3)
- Collage papers sorted into colour coded pizza boxes & Iris clear plastic shoe boxes are storage musts for her. (4)
- Curtains close in the studio painting area so Kirsten can flick and splash paint without worry. (5)
- Kirsten loves the Pentel pocket brush and digitally added colour cause it's quick and clean.
